**FRATS** is a regional satellite group of the Texas Statewide Network of Assessment Professionals. It is a support group that serves district test coordinators for school districts in the Region XIV (Abilene) area. There is no cost or membership fee for FRATS but we encourage district testing coordinators to join TSNAP. District testing coordinators who are responsible for the coordination of TAKS and TELPAS testing in their districts all share common problems and issues. FRATS gives them an opportunity to discuss their testing issues with other testing coordinators, to share how they have solved testing issues in their district, and to network with other testing coordinators who really understand what they are dealing with. We are always ready to share what we have learned about state testing and willing to share our locally developed district PowerPoints and other testing resources with each other.
