NEATS gives you an opportunity to discuss your testing issues with other testing coordinators, to share how you have solved testing issues in your district, and to network with other testing coordinators who really understand what you are dealing with. We are always ready to share what we have learned about state testing and willing to share our locally developed district Power Points and other testing resources with each other.

We also discuss other issues such as accountability, research/grants, ACT/SAT testing programs and other topics of interest to the group.
